

On behalf of the District, the Board of Directors and our entire staff, we want to THANK YOU for your support over the past two and a half years. Your faith in our team to get through multiple surges during the COVID-19 pandemic has been nothing short of tremendous.

Our mission statement,

***“We will provide a network of superior care that improves health and wellness.”***

reflects the culture of our organization, and our Vision Statement,

***“We will be the model of health care delivery, employment and service.”***

sets the bar for how we will accomplish our mission while adhering to our Value Statement,

***“Integrity Always”.***

Our patients are our priority, and we strive to provide the highest quality care with red carpet service that exceeds expectations from the bedside to the billing office. Our caring, professional staff and state-of-the-art technology are second to none, and we are proud to serve our communities in clean, comfortable, and safe environments.

We are positioned to serve our patients across the continuum of care through our network of providers and services that includes our hospital, clinics, home health agency, EMS service, retail pharmacies, medical equipment company, fitness center, and childcare center.

On behalf of the Electra Hospital District Board of Directors, its staff, and providers, I invite you to explore our website, discover all that we have to offer, and expect to be treated like family when you choose to visit one of our facilities.

I am proud and honored to serve as CEO and represent our Board and staff. Thank you for entrusting us with your care.

Respectfully,

Rebecca McCain, CEO
